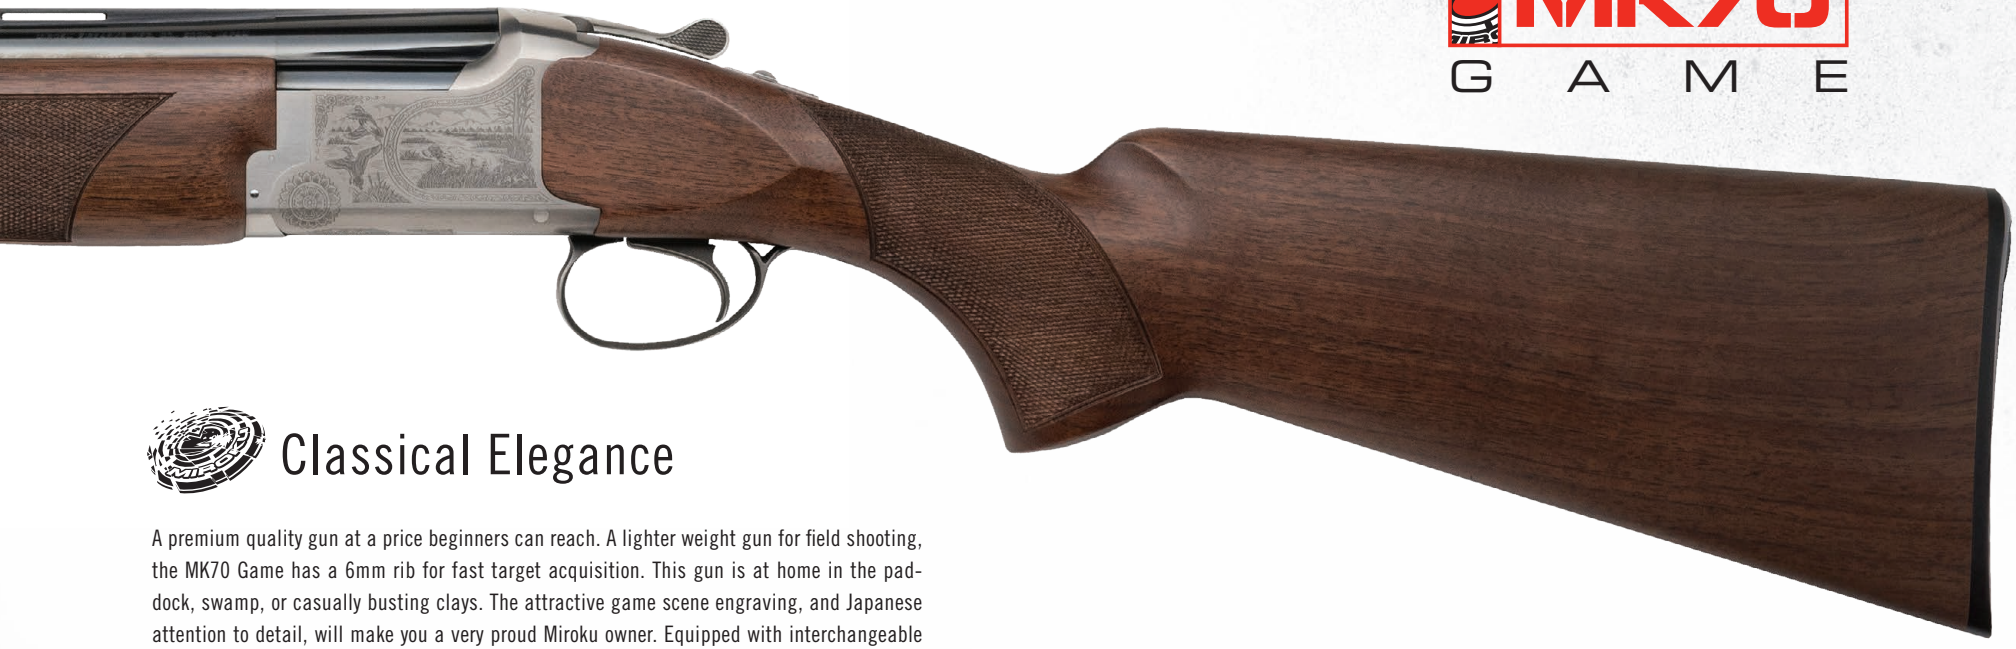
MK70 GAME



Classical Elegance

A premium quality gun at a price beginners can reach. A lighter weight gun for field shooting, the MK70 Game has a 6mm rib for fast target acquisition. This gun is at home in the paddock, swamp, or casually busting clays. The attractive game scene engraving, and Japanese attention to detail, will make you a very proud Miroku owner. Equipped with interchangeable Invector Plus chokes, and steel shot proofed, with 3 inch chambers this gun is built for any challenge. Chrome lined barrels and steel shot proofing make this the best value field gun in Australia bar none.

MK10 TRAP

This gun was intended for the rigours of competition Trap shooting. A redesigned stock and Pachmayr recoil pad, coupled with an improved beavertail forend make this a gun that can soak up the recoil of long breaks and extended shooting. This gun also utilises the Miroku 18.6 overbore chrome lined barrels fitted with C300 Briley designed thin wall chokes with vented centre rib. HiViz front sight and white mid bead are standard. An adjustable trigger with three different trigger blades mean you can fine tune your gun to suit.

MK10

HIGH RIB TRAP

Some Trap shooters experience the issue of lifting their head off the stock while shooting. The Miroku HRT can help. With the raised rib, the shooters eye is better aligned with the rib and the head Is in a more upright position. This avoids the tendency to raise the head off the stock to get a better look at the target. Enjoy the same features as the MK10 Trap, but with a Turkish Walnut stock with unique checkering.
